GREEN CLEAN®

Powerful Sanitizer & Odor Reducer

CONCENTRATED MULTI-PURPOSE CLEANER

natural | eco-friendly | non-toxic

DESCRIPTION

Green Clean® is an all-natural multi-purpose cleaning solution which sanitizes, deodorizes and breaks down harmful chemicals and gives a natural clean to the surroundings in which it is used.

Green Clean® eliminates disease causing bacteria & mold preventing them from establishing a population in any environment where Green Clean® is applied.

USES

Green Clean® was designed for Hotel, Restaurant, Office, Domestic Household and Industrial cleaning. It has multiple uses and can be use in place of most household cleaners and mild degreasers.

APPLICATION

A dilution rate of 1part Green Clean® in 4 parts water before application on any surface will provide maximum benefit to the user.

Direct applications, on a needs basis, maybe used without causing harm to the surface where Green Clean® is to be used.
